Consulting, Coaching, and Workshops for Awareness, Self-Discovery, and Inspired Accomplishment

Each person has a unique expression of divine inspiration to contribute. The offerings of Inspired Circle Consulting are designed to support people to clarify this life purpose and to share it through creative accomplishment and intentional dialogue.

The Inspired Circle is the home of Gail Cantor's consulting and coaching practice. Gail has been working with individuals to better their lives and life for all for over 40 years. First, for 14 years as a manager, executive, and course leader for est, an educational corporation (now Landmark Education) and then, for 23 years, in a company, Contegrity Program Designs, which she co-founded and managed, and for which she was the key workshop leader, coach, and corporate business consultant.

For the past 3 years, Gail, who was ordained as an Interfaith Minister in 2007, and subsequently received a Masters and a Doctor of Ministry degree in Interfaith Theology, has worked independently offering coaching, shamanic counseling, and a variety of workshops. She also offers The Inspired Circle, a community group committed to the development of spiritual strength and the creation of inspired accomplishment.

Communication that uplifts people and creates common good and community has been a key focus of Gail's work.

Gail will now join the North Shore Collaborative for Self-Discovery and Well-Being.
